Important notes

In this Product Disclosure Statement (PDS), 'Funds' means Perpetual WealthFocus Investment Funds collectively and 'Fund' means one of the Funds in the relevant context. Each Fund is a managed investment scheme that is registered with the Australian Securities and Investments Commission (ASIC) – refer to 'Fund profiles' for details.

References in this PDS to 'we', 'us', 'our', 'PIML' and 'Perpetual' are to Perpetual Investment Management Limited as:

- the responsible entity of the Funds
- the issuer of units in the Funds and this PDS
- the investment manager responsible for the selection of any specialist investment managers.

Perpetual Investment Management Limited is a wholly owned subsidiary of Perpetual Limited (ABN 86 000 431 827).

'Perpetual Group' means Perpetual Limited and its subsidiaries.

Where used in this PDS, 'intermediaries' may include financial advisers, discount brokers and other intermediaries. A 'financial adviser' means the authorised representative of an Australian financial services licence holder, who is authorised to provide financial product advice to clients.

We authorise the use of this PDS as disclosure for both investors that wish to access the Funds through an investor directed portfolio service (IDPS), IDPS-like scheme, a nominee or custody service or any other trading platform authorised by Perpetual (collectively referred to in this PDS as a 'Service').

We authorise the use of this PDS as disclosure for both Australian and New Zealand investors investing directly in the Funds and indirect Australian investors that wish to access the Funds through an investor directed portfolio service (IDPS), IDPS-like scheme, a nominee or custody service or any other trading platform authorised by Perpetual (collectively referred to in this PDS as a 'Service').

If you are an indirect investor gaining exposure to the Funds through a Service, you do not yourself become an investor in the Funds. Instead it is, which invests for you and acts on your behalf, that has the rights of an investor. Certain provisions of the Funds' constitutions are not relevant to indirect investors. For example, indirect investors cannot attend investor meetings or transfer or mortgage units in the Funds. You can request reports on your investment from the Service operator and you should direct any inquiries to them.

'You' or 'your' refers to direct (including Service operators) and/or indirect investors in the Funds, as the context requires.

This PDS describes the important features of the Funds (or class of units in a Fund) offered in the PDS. No other fund, trust or class of units is offered in this PDS. You should read it carefully before you decide to invest as it will help you to decide whether the Funds are appropriate for you. It contains general information only and doesn't take into account your objectives, financial situation or needs. This PDS may also help when comparing the Funds to others you may be considering.

We recommend that you consider the appropriateness of this information having regard to your objectives, financial situation and needs and seek financial advice before making an investment decision. If you have questions about investing in the Funds, you should speak to your financial adviser. You should consider the tax implications of investing in the Funds, which your financial and/or tax adviser will be able to help you with.

Certain information in this PDS may change from time to time. Where this information is not materially adverse, the updated information will be made available on our website www.perpetual.com.au. A paper copy of any updated information will be given to you without charge upon request. If a change is considered materially adverse, we'll replace this PDS or issue a supplementary PDS. Any replacement and/or supplementary PDS will be available at our website and you can also obtain a paper copy free of charge, on request. If there is an increase in our fees or charges, we'll give you or your Service operator (as applicable) at least 30-days' prior written notice.

You should keep a copy of the current PDS and any replacement and/or supplementary PDS for future reference. You can access further information that has been made publicly available at our website or by contacting us, including the Target Market Determination (TMD) for the relevant Fund.

Visit our website or contact us for the most up-to-date past investment returns for the Funds. Past investment returns are not indicative of future returns, so you shouldn't base your decision to invest in the Funds on past investment returns.

Neither we nor any company in the Perpetual Group guarantee that you will earn any return on your investment or that your investment will gain in value or retain its value. Investment in the Funds is subject to investment risk, including possible delays in repayment and loss of income and capital invested.

This PDS can only be used by investors receiving it (electronically or otherwise) in Australia or New Zealand.

All amounts in this PDS are in Australian dollars and all times quoted are Sydney time (unless otherwise specified). A business day is a working day for Perpetual in Sydney.

Understanding investment risk

The risks of investing

All investments carry risk. The value of your investment may fall for a number of reasons, which means that you may receive back less than your original investment when you withdraw or you may not receive income over a given timeframe. Before making an investment decision, it's important to understand the risks that can affect the value of your investment. While it's not possible to identify every risk relevant to investing in the Funds, we have detailed in the following table significant risks (in no particular order) that may affect your investment.

Different strategies may carry different levels of risk, depending on the assets that make up the strategy, and assets with the highest long-term returns may also carry the highest level of short-term risk due to their generally larger fluctuations in returns.

Your financial adviser can assist you in determining whether the Funds are suited to your financial needs.

Significant risks for all Funds

Type of risk	Description of risk
Market and economic risk	Certain events may have a negative effect on the price of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment, the causes of which may include changes in governments or government policies, political unrest, wars, terrorism, sanctions, pandemics and natural, nuclear and environmental disasters. The duration and potential impacts of such events can be highly unpredictable, which may give rise to increased and/or prolonged market volatility.
Asset risk	A particular asset that a Fund invests in may fall in value, which can result in a reduction in the value of your investment.
ESG risks	Inadequate consideration of issues related to environmental, social, governance (ESG) and ethical factors may mean that investment values are adversely impacted. Additionally, a Fund's ESG approach could cause its performance to vary compared to funds that have a different approach. The application of a Fund's ESG approach may affect the Fund's exposure to certain issuers, industries, sectors, and factors that may impact the relative financial performance of the Fund – positively or negatively – depending on whether such investments are in or out of favour.
Interest rate risk	Both prevailing interest rates and changes in interest rates may have a negative impact, either directly or indirectly, on investment returns.
Currency risk	For investments in international assets, which have currency exposure, there is potential for adverse movements in exchange rates to reduce their Australian dollar value. For example, if the Australian dollar rises, the value of international investments expressed in Australian dollars can fall. Currency management or hedging strategies may not necessarily provide protection against adverse currency movements.
Liquidity risk	The absence of an established market or shortage of buyers for certain types of investments can result in a loss if the holder of the investment needs to sell it within a particular timeframe. A shortage of liquidity can also result in delays in the payment of withdrawals.
Derivatives risk	Derivative values can fluctuate significantly and in certain circumstances a derivative can be more volatile than the underlying asset or index. The value of a derivative contract may fall as a result of an adverse movement in the underlying asset or index. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of a Fund. Derivatives may also be subject to liquidity risk and/or counterparty risk. Losses arising from the realisation of a derivative position may adversely impact a Fund's distributable income. A counterparty may also be required to take collateral from a Fund's assets to support a derivatives contract. Therefore, there is a risk that if the counterparty becomes insolvent, the Fund's assets may not be returned in full. See 'Use of derivatives' in the 'Fund profiles' section for information about how derivatives may be used in the management of the Funds.
Counterparty risk	A loss may occur if the other party to a contract, including derivatives contracts or lending arrangements (cash or stocks), defaults on their obligations under the contract.
Other investment risks	Investment professionals employed by investment managers may change, which may affect future investment performance. Investing in a Fund may have a different tax outcome than investing directly because of the application of tax laws to the Funds and the impact of investments and withdrawals by other investors. One result is that you may receive back some of your capital as income. Transactions may be suspended, which may result in delays in paying withdrawal requests. A Fund may be terminated.
Class risk	Separate classes of a Fund are not separate legal entities and the assets referable to each class will not be segregated. All of the assets of a Fund are available to meet all of its liabilities, regardless of the class to which such assets or liabilities are attributable. There is a risk that investors of different classes of a Fund may be exposed to liabilities of another class of units and these investors could lose some or all of their investment in a Fund. Also, there is a risk that in the event of an insolvency, the assets of a Fund could be made available to creditors of another class of units of a Fund.

Legal and regulatory risk	Changes in legislation and differences between rules (including interpretation of the law) in domestic and foreign markets, including those dealing with taxation, accounting and investments, may adversely impact your investment.
Conflicts risk	Conflicts of interest may arise between related parties appointed to provide services to the Funds.
Operational and cyber risks	The Funds' operations may be adversely impacted by breakdowns in internal/external administrative processes or circumstances beyond our reasonable control, such as failure of technology or infrastructure, or natural disasters. Despite security measures, fraud, data loss/damage or business disruption may result from cyber threats against or unauthorised infiltration of our technology systems and networks or those of our service providers.

Other significant risks that relate to a specific Fund

A Fund may involve specific significant risks. The following table shows the types of significant risks applicable to each Fund. Descriptions of each type of significant risk follow the table.

Investment Fund	Investment strategy risk			
	Asset class concentration risk	Credit risk	Drawdown risk	Gearing risk
WealthFocus Perpetual Diversified Income Fund	X	X		X
WealthFocus Perpetual Industrial Share Fund	X		X	
WealthFocus Barrow Hanley Global Share Fund	X		X	

Investment strategy risks

Asset class concentration risk

Investing in a fund with exposure to predominantly one asset class such as Australian shares may lead to more volatile returns than investing in a fund with a more diversified portfolio with exposure to multiple asset classes.

Credit risk

The issuer or party to a transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time.

The market value of an investment can also fall significantly when the perceived risk of a note or bond increases or its credit rating declines.

Drawdown risk

The risk of a steep decline in value of an investment portfolio from a relative peak. Any time taken to recover a drawdown can vary considerably due to the nature of the underlying assets, the investment strategy, market conditions and the size of the drawdown.

Gearing risk

With gearing, the investment manager may borrow money from a lender to increase the amount. While this can result in larger investment gains in a rising market, it can also magnify losses in a falling market.

Gearing increases the volatility of a fund's investment returns. Consequently, a geared fund is considered to have a higher investment risk than a comparable fund that is ungeared.

The returns of a geared fund depend on the types of investments in it as well as the level of gearing and the costs of borrowing, including interest rates.

The greater the level of gearing, the greater the potential for loss of capital. As the following example shows, a 10% fall in the market value of assets in an ungeared fund could translate into a 20% fall in the value of the same portfolio in a geared fund with a gearing level of 50% (excluding

any borrowing costs). Consequently, the greater the level of gearing, the less the fall in asset value needs to be for a greater loss of your investment capital.

Your investment amount	\$1,000	\$1,000
Fund gearing level	nil	50%
Amount borrowed by fund	n/a	\$1,000
Amount invested in the market	\$1,000	\$2,000
If the value of the fund's assets falls by 10%:		
Fall in value of fund's assets	\$100	\$200
Value of fund's assets after fall	\$900	\$1,800
Outstanding loan	n/a	\$1,000
Value of your investment	\$900	\$800
Loss of investment capital	\$100	\$200
Effective rate of loss	10%	20%

The gearing level for a geared fund may change regularly due to factors such as market movements, applications, withdrawals or changes to the amount borrowed. In certain circumstances, it may be necessary to suspend withdrawals to manage the fund's gearing position within its approved limits and protect the interests of all investors in the underlying fund.

The lender may have the right to reduce the gearing level set for the geared fund or terminate the lending facility. This means that a geared fund may need to promptly reduce the gearing level by selling assets, which may force the sale of assets at unfavourable prices. To control this risk, the investment manager may establish alternate sources of funding to limit the exposure to any one lender.

Gearing may also occur through the use of derivatives. Losses can be magnified where a greater exposure is created through the derivative position than is backed by the assets of a fund.

Gearing increases the volatility of a fund's investment returns. Consequently, a geared fund is considered to have a higher investment risk than a comparable fund that is

ungeared.

The returns of a geared fund depend on the types of investments in it as well as the level of gearing, the method used to achieve gearing and the costs of borrowing, if applicable. The greater the level of gearing, the greater the potential for loss of capital.

How we manage these risks

Investment risks

We can't eliminate investment risks, however we aim to manage the impact of these risks by setting consistent and carefully considered investment guidelines.

Use of derivatives

Please refer to 'Use of derivatives' in the 'Additional investment information' section for details about how derivatives may be used for managing risks.

Conflicts risk

Perpetual Group has policies and procedures in place to manage any conflicts of interest, which ensure Perpetual's appointment and supervision of any related party is on arm's length terms and that any such related party performs its functions to the same standard as if the parties were not related and in the best interest of investors.

Distribution frequency and dates	Quarterly – 31 March, 30 June, 30 September and 31 December	
Objective	Aims to provide regular income and consistent returns above the Bloomberg AusBond Bank Bill Index (before fees and taxes) over rolling three-year periods by investing in a diverse range of income generating assets.	
Investment approach	<p>The Fund's approach to delivering returns and managing risk is through an active and risk aware investment process which invests in a diversified core portfolio of liquid investment grade credit securities. Perpetual believes these assets provide investors with protection in times of market stress. When the environment is supportive Perpetual seeks to enhance returns by taking more risk whether that be in maturity, credit rating, subordination or gearing. The Fund can also invest in alternative income generating securities such as mortgages, infrastructure debt and private debt. This approach to portfolio construction is Perpetual's preferred method to deliver investors the highest possible risk adjusted returns.</p> <p>Derivatives may be used in managing the Fund.</p>

Footnotes to Fund profiles

- 1 Investment grade is a term given to securities that have a high probability of payment of interest and repayment of principal and are generally considered to be investments with a rating of BBB- or above.
- 2 Sub-investment grade is a term given to securities where there is a higher risk that the issuer may not be able to meet interest payments or the repayment of principal if difficult conditions arise and are generally considered to be investments with a rating below BBB. The Fund typically invests in investment grade securities, but we may increase our sub-investment grade exposure under favourable economic conditions. Sub-investment grade securities may include, but are not limited to, non-rated securities, hybrids, mortgages, mezzanine mortgages and private debt.
- 3 The Fund invests predominantly in Australian shares listed on or proposed to be listed on any recognised Australian exchange but may have up to 10% exposure to international shares listed on or proposed to be listed on any recognised global exchange. Currency hedges may be used from time to time.
- 4 The Fund invests predominantly in shares listed on any recognised global exchange. The Fund may also invest in shares proposed to be listed within six months on any such recognised exchange, limited to 10% of the Fund's net asset value.
- 5 Cash may be held in Australian dollars (AUD) or foreign currencies.

Additional investment information

Fund investments

The main asset classes that the Funds may invest in are described below. The Funds may also invest in other types of assets (see the 'Fund profiles' section for details).

Asset class	Description of investment
Cash	Cash investments include bank accounts, discount securities (eg bank bills), short-term deposits and money market funds which may invest in fixed income instruments and loans. Cash generally provides a rate of return in line with short-term interest rates.
Fixed income and credit	<p>Fixed income instruments are securities issued by an issuer for a pre-determined period. The issuers may include governments, banks, corporations and asset backed trusts. The instruments when issued usually provide a return in the form of defined periodic income payments and the return of principal at maturity. These income payments are either fixed when issued or set periodically against a benchmark.</p> <p>Credit instruments are income generating securities such as corporate debt, mortgages, infrastructure debt, private debt, asset backed and debt-like hybrid securities, discount securities and sub-investment grade securities that have higher credit risk and less liquidity than cash and fixed income investments.</p> <p>Investment grade securities: Investment grade is a term given to securities that have a high probability of payment of interest and repayment of principal.</p> <p>Sub-investment grade securities: Sub-investment grade is a term given to securities where there is a higher risk that the issuer may not be able to meet interest payments or the repayment of principal if difficult conditions arise. WealthFocus Perpetual Diversified Income Fund predominantly invests in investment grade securities, but we may increase our sub-investment grade exposure under favourable economic conditions. Sub-investment grade securities may include, but are not limited to, non-rated securities, hybrids, mortgages, mezzanine mortgages and private debt.</p>
Shares	Shares represent a portion of ownership in a company. Shareholders can benefit if a company passes on some of its profits to them through dividends and/or from capital growth if the share price rises.

Investment approach

Use of derivatives

A derivative is a financial instrument that usually derives its value from the price of a physical security or market index. Derivatives include, but are not limited to, futures, options, swaps and forward foreign exchange contracts.

Derivatives may be used in the management of the Funds for a range of investment activities including, but not limited to, the following purposes:

- managing investment risk and volatility of a stock, security or market
- managing actual and anticipated interest rate risk and credit exposure
- managing currency risk and adjusting currency exposure
- achieving asset exposures without buying or selling the underlying securities
- generating additional income
- adding to the gearing levels of the WealthFocus Perpetual Diversified Income Fund's portfolio
- taking advantage of price differences (known as arbitrage).

The use of derivatives is consistent with each Fund's investment guidelines and objectives.

Investing in derivatives can expose a Fund to additional risks. Please refer to 'Derivatives risk' within the 'Significant risks' table in the 'Understanding investment risk' section for more information.

Environmental, social, governance (ESG) and values-oriented factors

Perpetual believes that the relevance of ESG issues to the performance of our investment products has become more apparent. We recognise the growing expectation that companies conduct themselves responsibly and sustainably. Perpetual has a long-standing commitment to responsible investing; and in 2009 became a signatory to the United Nations supported Principles for Responsible Investment (PRI).

Perpetual's investment philosophy acknowledges that while traditional financial measures are an important consideration, ESG matters can also influence investment performance. Perpetual does not have a predetermined view as to what it regards as ESG factors (including labour standards) or how far they are taken into account.

However, we incorporate an assessment of ESG factors (including labour standards) in our investment analysis and the decision to select, retain or sell an investment, where those considerations are determined by the portfolio managers as a factor that may impact the current or future financial performance of the investment.

We have a process to integrate ESG factors into our active investment strategies across Australian equities, fixed income and credit. This process considers:

- what ESG factors the investment is exposed to and whether any of these factors present risks to the investment's current or future financial performance
- what impact ESG factors are likely to have on the investment's prospects; and
- how well ESG factors are being managed by the company, and therefore how likely the possible impacts are to occur.

We use the following tools and processes to integrate ESG:

- Australian equities - an ESG integration tool that we have developed called the 'ESG Workbook' which draws together both internal and external research using qualitative and quantitative data to highlight a company's ESG risks and issues. This tool provides the portfolio manager with information to assess as part of their investment decision-making process whether these factors may have an impact on the current or future financial performance of the company. Examples of ESG related information captured in the tool include the company's environmental policy, worker health and safety policy and corporate governance.
- Fixed income and credit – our ESG risk scoring process, which includes internal and external research on an issuer's approach to managing ESG factors and the issuer's revenue sources, allows credit analysts to assess as part of their credit research on each corporate issuer, the ESG risks of that issuer and whether the issuer has any controls or measures in place to address these risks. The credit analyst uses this information to determine an ESG risk score between 1 (low) and 4 (very high). This score is included in each corporate issuer's credit profile. It assists the portfolio manager to evaluate credit risk and relative value pricing considerations in managing credit portfolios.

There are certain asset classes where ESG factors (including labour standards) are not taken into account when deciding whether to select, retain or sell an investment. This may include derivatives, commodities and exchange traded products.

Perpetual does not have a set approach or time frame to monitoring or reviewing adherence to this process of considering ESG factors and where an ESG factor negatively impacts the current or future financial performance of an investment, Perpetual will consider whether to select, retain or sell it on a case by case basis.

Our consideration of ESG factors does not include making ethical or moral judgments on particular practices for the purpose of selecting, retaining or selling an investment.

Where we believe it is in the interest of the relevant Fund's investors, we may also actively engage with companies to encourage them to improve their ESG practices by:

- having processes and systems in place to identify and manage ESG risks effectively that may impact the current or future value of the company;
- being transparent, honest and accountable, which includes providing the level of disclosure necessary for informed investment decision-making, and
- implementing corporate structures and management incentives which ensure the company is managed in the long-term interests of shareholders (which includes sustainable business practices).

WealthFocus Barrow Hanley Global Share Fund

Barrow Hanley considers (ESG) factors when selecting, retaining or realising investments of the Fund. It does not have a predetermined view as to what it regards as these ESG factors or how far such factors are to be taken into account. It does consider such factors, however, only to the extent ESG risks are relevant to the current or future value of an investment. Barrow Hanley's consideration of ESG factors for the Fund does not include making ethical judgments on particular practices or issues.

Barrow Hanley is a signatory to the United Nations-supported Principles for Responsible Investment (PRI), the Investor Stewardship Group (ISG) which is an investor-led group comprising US based institutional investors and global asset managers, and a member of the International Financial Reporting Standards (IFRS) Sustainability Alliance.

Barrow Hanley's investment approach includes considering ESG factors as one of the matters that are relevant in its research and valuation analysis of a company. This analysis of ESG factors will include preparing a proprietary ESG Composite Score for a company. The score is prepared using external ESG ratings and internal research and is taken into account by the portfolio manager in assessing the current or future value of the investment and whether to buy, retain or sell an investment.

Barrow Hanley aims to:

- Identify companies whose financial productivity is likely to be supported and enhanced into the future as a result of the move towards a more sustainable world, and
- Counter potential risks arising as a result of ESG concerns that may be relevant to the particular industries or companies in which the Fund might invest and may include:
 - Environmental:** Green-house gas emissions, climate change vulnerability/risk, and bio-diversity;
 - Social:** Human capital (diversity and inclusion), supply chain management, and access and affordability;
 - Governance:** executive pay, bribery and corruption, political lobbying and donations, and tax strategy.

Where Barrow Hanley believe it is in the interest of the relevant Fund's investors, they may also actively engage, either individually as a firm or jointly with other investors (as applicable), with companies to hold them accountable for their performance and conduct and, when necessary, facilitate change that will have a positive long-term effect on shareholder value. Barrow Hanley may opt to escalate unsuccessful management engagements to the board-or-director level of the particular company or may consider divestment as a last resort.

Borrowing

Borrowing (gearing) may occur as part of WealthFocus Perpetual Diversified Income Fund's investment strategy only.

Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC) MoneySmart website** (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and costs summary

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

If you are an indirect investor, any additional fees that you may be charged by your Service operator for investing in the Funds via their Service should be set out in their disclosure document.

Example of annual fees and costs

This table gives an example of how the ongoing annual fees and costs in WealthFocus Perpetual Industrial Share Fund can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example – WealthFocus Perpetual Industrial Share Fund		Balance of \$50,000 ¹ with a contribution of \$5,000 during year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.00
Plus Management fees and costs	1.23%	And , for every \$50,000 you have in the WealthFocus Perpetual Industrial Share Fund you will be charged or have deducted from your investment \$615.00 each year
Plus Performance fees	Nil	And , you will be charged or have deducted from your investment \$0.00 in performance fees each year
Plus Transaction costs	0.11%	And , you will be charged or have deducted from your investment \$55.00 in transaction costs
Equals Cost of WealthFocus Perpetual Industrial Share Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$670.00 .* What it costs you will depend on the Fund you choose and the fees you negotiate.

1 We have assumed a constant value of \$50,000 for the whole year.

* Additional fees may apply:

A **buyspread** of 0.12%, equal to \$6.00 on a \$5,000 contribution, will also apply. And, if you leave the managed investment scheme, you will be charged a **sell spread** of 0.12%, equal to \$60.00 for every \$50,000 you withdraw. See 'Buy/sell spread' in this section for further information.

Cost of product information

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your investment over a 1-year period for all Funds. It is calculated in the manner shown in the Example of annual fees and costs.

The cost of product assumes a balance of \$50,000 at the beginning of the year with a contribution of \$5,000 during the year. (Additional fees such as a buy/sell spread may apply – refer to the ‘Fees and costs summary’ table for the relevant Fund.)

You should use this figure to help compare this product with other products offered by managed investment schemes.

Fund	Cost of product
WealthFocus Perpetual Diversified Income Fund	\$355.00
WealthFocus Perpetual Industrial Share Fund	\$670.00
WealthFocus Barrow Hanley Global Share Fund	\$645.00

Additional explanation of fees and costs

Ongoing annual fees and costs

The total ongoing annual fees and costs for each Fund comprises:

- management fees and costs
- transaction costs.

The amounts shown in the following ‘Estimated ongoing annual fees and costs’ table include all management fees, estimated management costs, estimated performance fees and estimated transaction costs as at the date of the PDS. Any updates from time to time, which are not materially adverse, will be available at our website.

Ongoing annual fees and costs may vary in future years. Updated details will also be available at our website each year.

Estimated ongoing annual fees and costs

Fund	Management fees and estimated management costs		Estimated transaction costs (% pa) ²	Estimated total ongoing annual fees and costs (% pa)
	Management fees (% pa)	Estimated management costs (% pa) ¹		
WealthFocus Perpetual Diversified Income Fund	0.70%	0.01%	0.00%	0.71%
WealthFocus Perpetual Industrial Share Fund	1.23%	0.00%	0.11%	1.34%
WealthFocus Barrow Hanley Global Share Fund	1.24%	0.00%	0.05%	1.29%

1 Estimated management costs are based on the financial year ended 30 June 2023, which may vary in future years without notice. See ‘Management costs’ in this section for further information.

2 Estimated transaction costs represent **net** transaction costs borne by all investors in a Fund after any buy/sell spread recoveries charged on investor-initiated transactions for the financial year ended 30 June 2023, which may vary in future years without notice. **Transaction costs should not be considered in isolation of investment returns.** It is important to understand that actively managed investments are likely to have higher transaction costs than passively managed investments, such as index funds, because of the higher expected volume of trading of the portfolio’s assets in generating investment returns.

Management fees and costs

Management fees

We receive management fees for managing and administering the Funds and overseeing the Funds' investments.

Any management fees payable to specialist investment managers are paid out of our management fees.

Differential fees

We may negotiate a rebate of all or part of our management fee with wholesale clients (as defined by the Corporations Act) and employees of the Perpetual Group. The payment and terms of rebates are negotiated with wholesale clients but are ultimately at our discretion, subject to the Corporations Act and ASIC policy.

Management costs

Management costs may include:

- operating expenses
- other indirect management costs.

Operating expenses

We're entitled to charge to the Funds or be reimbursed from the Funds for any expenses incurred in the proper performance of our duties and obligations relating to the management and administration of the Funds.

There is no limit in the Funds' constitutions on the amount that can be recovered for expenses that are reasonably and properly incurred.

Normal operating expenses

Normal operating expenses are those incurred in the day-to-day operation of the Funds.

We currently choose to pay normal operating expenses, excluding any operational borrowing costs (see 'Borrowing costs' in this section for further information), out of our management fees.

Abnormal operating expenses

Abnormal operating expenses aren't generally incurred during the day-to-day operation of the Funds and aren't necessarily incurred in any given year. They're due to abnormal events like the cost of running an investor meeting, or legal costs incurred by changes in a Fund's constitution.

Any abnormal operating expenses charged to a Fund will be an additional management cost for the relevant year for Fund.

Other indirect management costs

Derivatives

Management costs may also be incurred if a Fund or an underlying fund invests in any relevant derivatives.

Management fees and costs in underlying funds

The following also applies where a Fund invests into an underlying fund (including exchange traded funds).

Managers of underlying funds will generally charge a management fee for their services. These fees will be deducted from the underlying funds and reflected in their unit price. With the exception of exchange traded funds and some unlisted securities, Perpetual will otherwise compensate the Fund for these amounts so they are not an indirect management cost to you.

Managers of underlying funds may also charge expense recoveries to their underlying funds, which will usually be deducted from the assets of the underlying funds and reflected in their unit price, and/or the underlying funds themselves may incur indirect costs. If charged, these amounts will usually be an indirect management cost to you.

Transaction costs

In managing the investments of the Funds, transaction costs such as brokerage, settlement costs, clearing costs and government charges may be incurred in the Fund's investment portfolio, or when the Fund experiences cash flows in or out of it.

When the Fund incurs transaction costs from changing its investment portfolio, they are paid out of the Fund's assets and reflected in its unit price.

Estimated transaction costs that are incurred because investors buy or sell units in the Fund are also paid from the Fund's assets, but they are recovered from those transacting investors by the transaction cost allowances that are included in the calculation of the Fund's entry and/or exit unit prices, where relevant, as described under 'Buy/sell spread' in this section.

Net transaction costs after any buy/sell spread recoveries charged on investor-initiated transactions, as shown in the 'Fees and costs summary' table in this section, are a cost to all investors in the Fund.

Transaction costs may vary from year to year without notice to investors.

The following annual transaction cost information for each Fund based on the most recently completed financial year, which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' in the 'Additional information' section for details) or can be obtained free of charge by contacting us:

- estimated total **gross** transaction costs
- estimated transaction costs recovered by buy/sell spreads on investor-initiated transactions
- estimated **net** transaction costs borne by all investors (the estimated percentage by which the Fund's investment return has been reduced by transaction costs not recovered by buy/sell spreads).

Member activity related fees and costs

Buy/sell spread

Estimated transaction costs are allocated when an investor buys or sells units in the Fund by incorporating a buy/sell spread between the Fund's entry and exit unit prices, where appropriate. This aims to ensure that other investors aren't impacted by the transaction costs associated with a particular investor buying or selling units in the Fund. We have discretion to waive the buy/sell spread on applications or withdrawals where no transaction costs are incurred.

A buy/sell spread is an additional cost to you and will impact the return on your investment. The spread, if applicable, is based on our estimates of the average transaction costs incurred by the Fund. However, it is not a fee paid to us and is retained in the Fund to cover the actual transaction costs as they are incurred.

Estimated transaction costs, which are used to determine the buy/sell spreads, are reviewed regularly. Consequently, the buy/sell spreads current as at the date of this PDS, as shown in the 'Fees and costs summary' table in this section, may change (increase or decrease) during the life of this PDS. The current buy/sell spread for each Fund at any time (as amended), which forms part of the PDS, is publicly available at our website (see 'Incorporation by reference' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

GST is not applicable to any buy/sell spread when you buy or sell units in the Funds.

Further information about fees and costs

Performance fees

If a Fund ever invests into an underlying fund where the manager charges a performance fee based on the investment performance of their underlying fund, any performance fees payable will generally be deducted from the underlying fund and reflected in its unit price. If charged, any such performance fees will be an additional cost to you.

Maximum fees and charges

Each Fund's constitution allows us to charge maximum fees as outlined in the following 'Maximum fees and charges' table.

Amounts disclosed are inclusive of GST unless stated otherwise.

Fund	Contribution fee (%) ¹	Withdrawal fee (%) ²	Management fee (% pa) ³	Switching fee (%) ¹
WealthFocus Perpetual Diversified Income Fund	5.00%	5.00%	3.000%	n/a
WealthFocus Perpetual Industrial Share Fund	5.00%	n/a	2.032%	n/a
WealthFocus Barrow Hanley Global Share Fund	6.00%	n/a	2.408%	2.00%

1 Calculated on the application amount.

2 Calculated on the withdrawal proceeds.

3 Calculated on the gross asset value of the Fund.

Increases or alterations to our fees

We may change our fees without your consent. However, we won't increase our management fees, or introduce any new fees, without giving you or your Service operator (as applicable) at least 30-days' written notice.

Management costs and transaction costs may vary each year without notice.

Tax

Tax information, including GST, is set out in the 'Tax' section. Unless otherwise stated, all fees and other costs disclosed in this PDS are inclusive of the net effect of GST.

Intermediary remuneration

Intermediaries include financial advisers, discount brokers and other intermediaries.

Intermediary commissions

No commissions are paid to any intermediaries.

Borrowing costs

Any strategic borrowing costs associated with WealthFocus Perpetual Diversified Income Fund borrowing money (such as interest, establishment fees and government charges, as applicable) as part of its investment strategy are deducted from the Fund's assets and reflected in its unit price.

Whilst we pay normal operating expenses out of our management fee, if a Fund incurs any incidental borrowing costs for short-term operational purposes, these costs may be paid out of the Fund's assets and reflected in its unit price.

Any borrowing costs are additional to the management fees and costs shown in the 'Fees and costs summary' table in this section.

Miscellaneous fees

If you are a direct investor and we incur a fee because a cheque or direct debit for your investment in the Funds is dishonoured by your financial institution, the amount will be charged to your investment.

Government charges

If you are a direct investor, government charges will be applied to your account as appropriate.

Member advice fees (direct investors only)

The member advice fee is a fee for financial advice you may receive in relation to your investment.

You can authorise us to pay member advice fees to your financial adviser (including your financial adviser's dealer group) on your behalf out of your investment. Any member advice fee you authorise us to pay is additional and separate to the fees we charge in respect of your investment in the Funds. The available options are shown in the following 'Member advice fees' table.

Member advice fees

Frequency	Payment basis ¹	How and when paid
One-off	Specified dollar amount only	Units are deducted from your account at the time we receive your instruction and the fee paid to your financial adviser at the end of that month.
Ongoing	Percentage fee option	Calculated on the average daily balance of your investment and paid monthly by withdrawal of units at the end of each month.
Ongoing	Flat dollar fee option	Paid in equal monthly instalments by withdrawal of units at the end of each month.

¹ All member advice fee amounts that we deduct from your investment in the Funds and pay to your financial adviser on your behalf include GST.

The member advice fee will be deducted proportionately from your investment in the various Fund(s) held at the time of payment.

The deduction of units to pay a member advice fee will be treated as a disposal of units for tax purposes, which may have tax implications for you (see the 'Tax' section for details).

We will require your authorisation to pay member advice fees to your financial adviser every 12 months. We can refuse to deduct a member advice fee. You can also turn off the member advice fee at any time by instructing us in writing.

Other benefits

As a result of your investment in the Funds your intermediary may receive other non-monetary benefits (where allowed by law), which are not an additional cost to you.

Platform administration payments

We may make payments to platform providers for administrative services associated with distributing our Funds on their investments menu (where allowed by law). These payments may help them recover their costs incurred in establishing our Funds on their menu and certain other marketing and distribution costs. If these payments are made, they are not paid by you or the Funds, but rather they are paid by us.

Benefits received

As a result of brokerage paid by the Funds, we may receive benefits such as investment research, which we may use for any investment purpose, including for the Funds.

Operating your account

When you invest in a Fund, your money is pooled with investments from other investors and used to buy assets for the Fund, which we manage on behalf of all investors.

When you invest in a Fund, (or your Service operator on your behalf, if applicable) will be allocated units in the Fund. The value of your investment in the Fund will vary as the Fund's daily unit prices change to reflect increases or decreases in the market value of the Fund's underlying assets.

Direct investors

Unless otherwise indicated, the following information in this 'Operating your account' section applies to **direct investors**.

Indirect investors

You can invest in the Funds or withdraw all or part of your investment in Fund by directing your Service operator to lodge an investment application or withdrawal request, as applicable, with us.

You should contact your Service operator for details about the following as they may vary due to their requirements:

- any minimum investment and withdrawal amounts
- processing requirements and timeframes
- distribution payment options
- identification verification procedures.

You should also use any relevant application and other forms provided by your Service operator.

Investments

Depending on your investment goals and the amount you have to invest, you can invest in one or more of the Funds.

Initial investment

The minimum initial investment in any Fund is \$2,000, which may be paid by:

- cheque
- direct debit.
- BPAY

You should indicate on your application form the amount of your investment in each Fund.

Accepting your application includes us verifying your identity (see 'Anti-money laundering/counter-terrorism financing laws' in the 'Additional information' section for more information).

Investment strategy

The proportion of your initial investment allocated to each Fund is recorded as your default investment strategy for:

- all investments made by BPAY
- any additional investments (including savings plan), unless you nominate a different Fund(s)
- regular withdrawal plan, unless you nominate a different Fund(s)
- auto-rebalancing.

You need to specify on the application form if you want your investment strategy to differ from your initial investment.

When making any switches or withdrawals from your account, you will be requested to provide updated investment strategy instructions (including for savings plan or regular withdrawal plan).

If you do not nominate an updated investment strategy following a switch or withdrawal from a Fund, we will make the following updates to your investment strategy:

- for partial switches or withdrawals, your investment strategy will remain unchanged
- for full switches or withdrawals, your investment strategy will be reweighted for all features to reflect your portfolio following the transaction.

You can also change your investment strategy at any time by notifying us in writing.

Additional investments

Additional investments can be made at any time according to the current PDS. The PDS may be updated or replaced from time to time and you should read the current version before you make an additional investment. You can obtain a copy of the current PDS, free of charge, at our website or by contacting us.

Additional investments can be made into an existing Fund, which may be paid by:

- direct debit
- BPAY.

Direct debit

You can authorise us on your application form to debit investment amounts directly from your nominated Australian bank, building society or credit union account.

We are unable to debit a third party account, so you must be a party to the bank account nominated for direct debits. For joint investors, at least one investor must be a party to the nominated account.

We will initiate direct debit drawings automatically upon acceptance of your instruction and we will not advise you beforehand. To avoid potential dishonours by your financial institution and any associated charges, it is your responsibility to ensure that:

- direct debit is available from any account you nominate
- your nominated account has a sufficient balance available to meet any authorised direct debits.

Direct debit request service agreement

If you elect to make investments by direct debit authority, you must read and accept the terms of our direct debit request service agreement, which is publicly available at our website (see 'Other documents' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

BPAY

BPAY is a convenient way for you to make investments in the Funds from your cheque or savings account using the phone or online banking facilities provided by most Australian banks, building societies and credit unions.

If you indicate on your application form that you want to make investments in the Funds by BPAY, we'll send you a Customer Reference Number (CRN). You can also apply for a CRN at any other time by contacting us.

When using BPAY, you'll need to quote your CRN and the Funds' **BPAY biller code 636910**.

Savings plan

With a savings plan, you can make regular investments in the Funds automatically by direct debit from your nominated Australian bank, building society or credit union account.

The savings plan investment can be made as follows:

- monthly (default frequency) – on the 20th of the month
- quarterly – on the 20th of January, April, July and October.

If any of these days aren't business days, the next business day will apply.

Your savings plan request must be received at least five business days before the relevant commencement date. Otherwise, your first debit will occur on the relevant date in the following period.

You need to specify on the application form the allocation between Fund(s) for your savings plan investments **only if you want it to differ from your investment strategy**. If you also have the auto-rebalancing facility, your investment strategy and your nominated allocation for your savings plan must be the same.

You can change the investment allocation for your savings plan investments at any time by notifying us in writing. Please also contact us if you wish to change the investment amount or frequency, or cancel your savings plan. You can also make these changes online through myPerpetual.

When making any switches or withdrawals from your account, you will be requested to provide updated instructions for your future savings plan investment allocation.

If you do not provide updated instructions following a switch or withdrawal from a Fund, we will make the following updates for your savings plan investment allocation:

- for partial switches or withdrawals, your investment allocation will remain unchanged
- for full switches or withdrawals, your investment allocation will be reweighted to reflect your portfolio following the transaction.

We can terminate, suspend or impose additional conditions on the operation of your savings plan at any time with notice to you.

Switches

You can generally switch all or part of your investment in a Fund into another Fund(s) at any time.

The PDS may be updated or replaced from time to time and you should read the current version before you switch. You can obtain a copy of the current PDS, free of charge, at our website or by contacting us.

Please include the following information in your switch request:

- your client number and account number
- the amount to be switched from/to each Fund.

All switches, including those made under the auto-rebalancing facility, involve a withdrawal of money from one Fund at its exit price and an investment in another Fund at its entry price on the same effective date. Consequently, there may be a cost to investors due to the buy/sell spreads on unit prices (see 'Buy/sell spread' in the 'Fees and other costs' section for further information).

A switch out of a Fund will generally be a disposal of units for tax purposes, which may have tax implications for you (see the 'Tax' section for details).

Auto-rebalancing

The value of your investment in any particular Fund will change over time and this movement may cause your investment portfolio allocation to deviate from your investment strategy.

Auto-rebalancing is another form of automatic switching. This facility provides a simple way for you to maintain your investment strategy by authorising us to withdraw and apply units in your chosen Funds to rebalance your investment portfolio regularly, as follows:

- quarterly (default frequency) – on the 24th of February, May, August and November
- half-yearly – on the 24th of February and August or
- yearly – on the 24th of August.

If any of these days aren't business days, the next business day will apply.

Please contact us if you wish to change the frequency, cancel or restart auto-rebalancing.

The buy/sell spread (see 'Buy/sell spread' in the 'Fees and costs' section for further information) will apply to auto-rebalancing transactions.

Withdrawals

You can withdraw all or part of your investment in a Fund at any time as long as you maintain a minimum balance (currently \$1,000) after any partial withdrawal from the Fund, otherwise we may close your account and pay the balance of your investment to you.

All written withdrawal requests must be signed by you or your authorised representative (see 'Authorised signatories' in the 'Applying for an investment' section for more details) and include the following information:

- your client number and account number
- the name of the Fund(s)
- the number of units or amount to be withdrawn
- your payment instructions.

Generally, your withdrawal proceeds can be deposited into your nominated Australian bank, building society or credit union account.

Withdrawal proceeds that are paid directly into your nominated account are subject to clearance by your bank, building society or credit union from the date of deposit into your account.

We will confirm all withdrawals in writing. For your protection, withdrawals will not be paid in cash. Withdrawals of money invested by direct debit request, at our discretion, may be required to be paid back into the account from which it was debited.

The proceeds from your withdrawal will usually be available within 3-5 business days, but can be up to 14 business days (ie during distribution periods) from when we have accepted the request, given normal operating conditions. The maximum periods allowed under the Funds' constitutions for payment of withdrawals, after we have accepted the request, are 30 days for WealthFocus Perpetual Industrial Share Fund and WealthFocus Barrow Hanley Global Share Fund and 70 days for WealthFocus Perpetual Diversified Income Fund.

If you withdraw your units before the end of a distribution period, you won't receive a distribution for those units in that period. Your withdrawal amount will generally include your share of distributable income accrued in the Funds to the date of withdrawal as capital.

We may determine that part of your withdrawal amount represents a share of the distributable/attribution income including realised net capital gains for that distribution period. We will advise you if this happens.

Email instructions

We currently accept various instructions, including withdrawal requests, by scanned attachment to email provided we have no reason to believe the request isn't genuine.

Other conditions apply to email withdrawal requests (see 'Other conditions' in the 'Additional information' section for details).

Regular withdrawal plan

The regular withdrawal plan provides a convenient way for you to receive automatic payments from your investment for pre-determined amounts at nominated intervals. For example, if you are relying on your investment to provide you with a regular income (other than distribution payments), this facility eliminates the need for you to lodge a separate withdrawal request each time.

To establish a regular withdrawal plan, you must also have a minimum account balance of \$20,000 and maintain a minimum balance of \$1,000 for each of your selected Funds.

You can choose regular withdrawals to be paid from your selected Funds:

- monthly – as at the 24th of each month
- quarterly – as at the 24th of January, April, July and October
- half-yearly – as at the 24th of January and July or
- yearly (default frequency) – as at the 24th of July.

If any of these days aren't business days, the next business day will apply.

The proceeds of your regular withdrawal plan withdrawals will:

- only be deposited into your nominated Australian bank, building society or credit union account
- usually be available in your nominated account within seven business days, given normal operating conditions.

Your regular withdrawal plan request must be received at least five business days before the relevant commencement date. Otherwise, your first payment will occur on the relevant date in the following period.

You need to specify on the application form the drawdown percentages from your Fund(s) for your regular withdrawal plan payments **only if you want it to differ from your investment strategy**. You can change the drawdown percentages for your regular withdrawal plan at any time by notifying us in writing.

Please also contact us if you wish to change the frequency or amount, or cancel your regular withdrawal plan.

We will automatically cancel your regular withdrawal plan relating to a nominated Fund if you withdraw your total investment from that Fund. We may also cancel your regular withdrawal plan relating to a nominated Fund if a partial withdrawal (including regular withdrawal plan withdrawal) reduces your account balance in that Fund to less than \$1,000 (or another amount that we may set and advise you).

We can terminate, suspend or impose additional conditions on the operation of your regular withdrawal plan at any time with notice to you.

Buy back option

We may also agree to buy back your units in the Funds. This option is only relevant to New Zealand investors.

The withdrawal value that you'll receive for your units under the buy back method will be reduced by any applicable duties and other costs that arise using this method, so it's likely that you'll receive less for the withdrawal of your units than using the direct withdrawal method. You should seek financial and/or tax advice before requesting us to buy back your units. A buy back request form is available from us.

How units are issued or withdrawn

Generally, if our Sydney office receives and accepts an investment application electronically or otherwise (including investment amounts received by BPAY, where applicable), switch or withdrawal request (including those made online via myPerpetual) by 3.00pm on any business day, it will be processed using that day's entry and/or exit price (as applicable). If received and accepted after 3.00pm, it will be processed using the next calculated entry and/or exit price. If it's a non-working day for Perpetual in Sydney, it will be processed using the next available entry and/or exit price.

The number of units issued for investment applications and switches into a Fund is determined by dividing the investment or switch amount by the applicable entry price. The number of units withdrawn for withdrawals and switches from a Fund is determined by dividing the withdrawal or switch amount by the applicable exit price.

For current entry and exit prices, visit our website or contact us.

We have the discretion:

- not to accept applications and can delay processing them if we believe that's in the best interests of investors or if required by law (see 'Suspension of applications, switches and withdrawals' in the 'Additional information' section for more information)
- to accept lower investment amounts

We can delay processing withdrawal requests (including switches from a Fund) or stagger the payment of large amounts from a Fund according to the Fund's constitution if we believe that's in the best interests of investors (see 'Suspension of applications, switches and withdrawals' in the 'Additional information' section for more information).

Perpetual has the absolute discretion to accept, reject or limit any application and where an application is rejected or limited in any way (including if it is deferred or delayed), Perpetual is not liable for any loss you suffer (including indirect or consequential loss) as a result.

Distributions

All investors

A distribution is the payment of a Fund's distributable income to investors at predetermined intervals. The distributable income may include interest, dividends, foreign income, realised net capital gains and other income. In some circumstances, a Fund may also distribute a payment out of the capital invested. The components of a distribution will depend on the Fund you invest in and the nature of the Fund's underlying assets.

The distribution amount depends on the Fund's distributable income. The amount of your distribution will be proportionate to the number of units held relative to the number of units on issue at the end of the distribution period. The amount will vary and sometimes there might not be any distribution.

At the end of each distribution period, a Fund's unit price will typically fall as it is adjusted to reflect the amount of any distribution. As your distribution amount is based on the entire distribution period, the closer you invest before the end of a distribution period the greater the possibility is that you may receive back some of your capital as income in the distribution paid for that period.

Distribution frequencies and effective dates for distributions for each Fund are shown in the 'Fund profiles' section. Distributions not reinvested are generally paid within 15 days. However, the Funds' constitutions allow up to the following maximum times after the end of the distribution period:

- 60 days for WealthFocus Barrow Hanley Global Share Fund
- 90 days for WealthFocus Perpetual Diversified Income Fund.
- 90 days for WealthFocus Perpetual Industrial Share Fund

Each Fund's constitution lets us make special distributions on an interim basis without prior notice to you. We can also determine to reinvest part or all of your distribution in a Fund.

Any realised net capital gains are generally included in the 30 June distribution. However, we may choose to pay some, or all, of the net capital gains as part of a regular or a special distribution where we believe it is in the best interest of investors, including instances where we believe investors would benefit from having more consistent distribution payments throughout the year.

You still have to pay tax on the distribution even if it is reinvested or received after the end of the financial year – see 'Distributions' in the 'Tax' section for details.

You can choose to have your distributions for each Fund:

- reinvested in the same Fund
- deposited into your nominated Australian bank, building society or credit union account.

If you don't make a choice or if we're unable to credit your nominated account (if applicable), we'll reinvest your distribution.

Generally, for distribution reinvestments in the same Fund:

- amounts will be reinvested as at the first day following the end of the distribution period
- the reinvestment price will be based on the net asset value price (that is, excluding a buy spread) calculated on the last business day of the distribution period, adjusted for any distribution paid for that period.

If you are a New Zealand investor, please also refer to 'Distribution reinvestment plan' within 'Important additional information for New Zealand investors' in the 'Additional information' section.

Instructions and changes

Any changes to your name and all changes to bank account details must be made in writing by mail or scanned attachment to email. Only new bank account details can be added online.

Any acceptable changes made online or by phone can only be made after we've confirmed your identity.

Other conditions may also apply depending on the way you provide instructions to us, as set out under 'Other conditions' in the 'Additional information' section.

Authorised representative

You can appoint a person, partnership or company as your authorised representative by nominating them on your application form and having them sign the relevant section. Your authorised representative will be empowered to act on your behalf in all matters relating to your investment in the Funds.

Conditions apply to the appointment of an authorised representative, as set out under 'Other conditions' in the 'Additional information' section.

myPerpetual online access

myPerpetual provides easy and convenient online access for you to:

- receive reporting online, including any notifications we are required to provide under the Corporations Act (although there may be times when we must also send online correspondence to you in paper form – see 'Reporting' in the 'Additional information' section for further information)
- check the total value of your investment in the Funds
- view your account summary, including the Fund(s) you are invested in, the number of units, unit price and current balance of the Fund(s)
- review your recent transaction history
- update your personal details
- update your investment strategy
- transact online.

Unless you indicate otherwise on your application form, we'll send you relevant online access setup details and activation instructions.

We may provide joint investors, trustees of superannuation funds/trusts, companies, partnerships and trustee company accounts with more than one login for online access to your account.

Conditions of use

Before you first use myPerpetual, you must accept the conditions of use, which are publicly available at our website (see 'Other documents' in the 'Additional information' section for details) or can be obtained free of charge by contacting us.

Other conditions also apply to any transactions made through myPerpetual (see 'Other conditions' in the 'Additional information' section for details).

Access by authorised representatives

If you appoint an authorised representative, you can request us to allow them online access to your account as follows:

- view your account only
- view and transact on your account (default access).

Access by your adviser

We'll also give your adviser online access to either:

- view details about your investment only
- view details about your investment and transact on your account on your behalf (default access).

Your adviser may extend to their authorised delegates, such as paraplanners and other support staff, the same level of online access you have determined for your adviser.

You can change your adviser's access at any time by instructing us in writing.

Interest earned on application, withdrawal and distribution accounts

Application money, proceeds of withdrawal requests and distribution amounts are held in trust accounts prior to being processed. A member of the Perpetual Group retains any interest earned on these accounts.

Tax

The tax consequences of investing in managed investment schemes are particular to your circumstances, so we recommend you seek professional tax advice. This information is general only and shouldn't be relied on.

If applicable, you should also refer to your Service operator for further information about the tax treatment of your investment in the Funds through their Service.

Attribution managed investment trust (AMIT) regime

The Funds have elected into the AMIT regime.

Tax position of the Funds

Generally, Australian income tax won't be payable by the Funds.

Under the AMIT regime, each year, we are required to break down the income of each Fund (net of fees and expenses) into trust components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (eg franking credit offsets).

A Funds will not be subject to income tax provided that all of the determined trust components are attributed to investors on a fair and reasonable basis and in accordance with its constitution and any other constituent documents of the Fund (which includes its PDS).

Investors will be subject to tax on the income of the Funds that is attributed to them each year ending 30 June. If there is income of the Fund that is not attributed to an investor, the Fund will be subject to tax at the highest marginal tax rate (plus Medicare levy).

Australian resident investors

Distributions

For information about the calculation of your distribution entitlement, see 'Distributions' in the 'Operating your account' section.

The income of the Funds attributed to you must be included in your income tax return for the year of the entitlement even if any distribution is received or reinvested in the following year – see 'Annual tax statement'.

Where the distributions made to you in respect of a financial year are less than¹, or more than, the trust components attributed to you, the cost base of your units will need to be increased or decreased, as appropriate. Details of the trust components attributed to you and any net cost base adjustment will be included on your annual tax statement.

Where the Fund's determined trust components for an income year are revised in a subsequent year (eg due to actual amounts differing to the estimates of income, gains/losses or expenses), then differences (referred to as 'unders and overs') will arise. Unders and overs will generally be taken into account in the year they are discovered.

¹ If this were to occur, the Fund's unit price would only fall by the amount of the actual distribution and not by the additional amount attributed to investors. You would need to increase

the cost base of your units for tax purposes by the amount that has been attributed but not paid as a distribution.

Capital gains tax

In addition to any realised net capital gains attributed to you, any withdrawal (including switching between Funds) or transfer of units in the Funds may create a taxable gain or loss, which will be treated as a capital gain or loss, or as ordinary income, depending on your circumstances.

Annual tax statement

Direct investors

We'll issue annual tax statements, referred to as an AMIT Member Annual Statement (AMMA), for the Funds at the end of August each year, or shortly after. It will show the taxable and non-taxable components of the income attributed to you (which includes any distributions received or reinvested) and any net cost base adjustment required to be made.

Indirect investors

Your Service operator will use the information we provide to prepare their statements for you.

Non-resident investors

Australian tax will be deducted from certain Australian sourced income and capital gains distributed/attributed to non-resident investors. Non-resident investors may also be subject to tax in the country they reside in, but may be entitled to a credit for some or all of the tax deducted in Australia.

Reporting

We are required to report to the ATO certain information relating to your investment in the Funds, including transactions and the income distributed/attributed to you.

Tax residents of other countries

For direct investors, we must obtain details about any other countries where you are a resident for tax purposes (including your taxpayer identification number) as the Funds may be required to report information about your investment (including investment balances and any payments made) to the ATO each year for provision to the relevant overseas tax authority under rules designed to combat tax evasion in that country. We will determine whether the Funds are required to report your details to the ATO for this purpose based on our assessment of the relevant information received.

Tax file number (TFN)/Australian business number (ABN)

Providing your TFN isn't compulsory but without it or the appropriate exemption information we or your Service operator (as applicable) have to withhold tax from the income distributed/attributed to you at the highest marginal tax rate (plus Medicare levy) until your TFN or exemption¹ is provided.

You may prefer to provide an ABN as an alternative to your TFN if your investment is made as part of an enterprise.

¹ See 'Applying for an investment' for details of TFN exemption codes.

Direct investors

We are authorised under tax laws to collect TFNs and ABNs in connection with your investment in the Funds.

Indirect investors

Please refer to your Service operator for more information on the collection of TFNs and ABNs for investors investing in the Funds through their Service.

Goods and services tax (GST)

GST generally applies to the fees, costs and expenses payable by the Funds, including management costs and other fees payable to us.

Generally, the Funds can't claim a credit for all of the GST paid but may be entitled to claim a reduced input tax credit (RITC), which represents a portion of the GST applicable to management costs and certain other expenses, as set out in the GST law.

Unless otherwise stated, the fees and costs in the 'Fees and costs summary' table show the approximate net cost to the Funds of these amounts payable to us, on the basis that the Funds are entitled to claim RITCs for the GST on relevant amounts.

Additional information

Your cooling-off rights

Direct investors

You have up to 14 days from the earlier of the time when you receive confirmation of issue of units in a Fund to you or the fifth business day after the units in a Fund are issued to you where you can have your investment repaid ('cooling-off period'). See 'How units are issued or withdrawn' in the 'Operating your account' section for details on when units in the Funds are issued.

The amount repaid will be adjusted for any transaction costs and any increase or decrease in the value of your investment.

If you have authorised us to pay a member advice fee to your financial adviser on your behalf:

- we will reinstate the units previously deducted from your account and refund the amount to you only if we have not yet paid the fee to your financial adviser or
- you will be responsible for seeking a refund of any member advice fee from your financial adviser once it has been paid to your financial adviser.

Investments repaid may create a taxable gain or loss so we recommend that you seek professional tax advice.

Your right to be repaid during the cooling-off period does not apply if:

- you are switching between Funds (including auto-rebalancing switches)
- you exercise any of your rights as an investor in the relevant Fund
- you are a wholesale client (as that term is defined in the Corporations Act).

If you'd like to have your investment repaid, write to us stating that you want to be repaid during the cooling-off period (please include your account number). Your request must reach our Sydney office before the end of the cooling-off period.

When we receive your request, we will send you the details about your repayment.

Indirect investors

No cooling-off rights apply in respect of any investment in the Funds acquired by your Service operator on your behalf. For information about any cooling-off rights that may apply to you in respect of the Service that you invest through, please contact your Service operator directly or refer to their disclosure document.

How units are priced and investments are valued

Unit prices for each Fund are calculated by:

- establishing the net asset value of the Fund
- for entry unit prices – adding the applicable transaction costs (buy spread) to the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the entry unit price
- for exit unit prices – deducting the applicable transaction costs (sell spread) from the net asset value and then dividing the adjusted net asset value by the number of units on issue to determine the exit unit price.

We generally determine the net asset value of each Fund each business day. The net asset value is calculated by deducting the value of a Fund's liabilities from the value of its gross assets.

The net asset value of each Fund includes unrealised gains and losses and any income and realised gains accrued but not yet distributed. If unrealised gains are realised in the future, any assessable portion will generally be distributed/attribution to investors.

Investments are valued at their market value. In all cases, we determine the valuation method according to the relevant Fund's constitution. For investments in any other managed funds, it will normally be based on the exit price of units in the underlying fund(s).

We generally calculate and apply entry and exit unit prices each business day.

We can defer the calculation of unit prices where permitted by the relevant Fund's constitution and the law. For example, if significant delays occur where an underlying fund does not calculate or provide a price, unit prices for a Fund may not be calculated nor applications, switches and withdrawals processed for the Fund until the underlying fund's unit price is determined.

A copy of our unit pricing policy, including details of any discretions that we may exercise in various circumstances, is available at our website or can be obtained free of charge by contacting us.

Reporting

Direct investors

Investors will receive:

- an initial investment statement, generally within seven business days of your application being accepted and processed
- an additional investment statement, generally within seven business days of any additional investment (except regular savings plan investments) being accepted and processed
- an investment restructure statement, generally within seven business days of any switch request being processed
- a withdrawal statement, generally within seven business days of any partial (except regular withdrawal plan withdrawal) or full withdrawal request being processed
- a distribution statement following a distribution
- an annual statement providing details of your investment as at 30 June each year
- an annual report (including financial statements) for each financial year ending 30 June will be available at our website (copy by mail available on request)
- an annual tax statement and tax guide for the financial year, generally sent by the end of August or shortly after, to help you prepare your income tax return
- confirmation of any other transactions that we are required to report on.

If you have provided an email address, you consent to receiving online communications (including via myPerpetual) and the above reporting will be made available via myPerpetual (see 'myPerpetual online access' in the 'Operating your account' section for further information), although there may be times when we must also send correspondence to you in paper form.

Fund profiles (updated monthly) are available at our website or can be obtained free of charge by contacting us.

Indirect investors

All reports will be sent directly to your Service operator. They will use this information to provide you with regular reporting and information to help you complete your annual income tax return. Please contact your Service operator with any investor inquiries.

Fund profiles (updated monthly) are available at our website or can be obtained free of charge by contacting us.

Continuous disclosure documents

The Funds may be subject to certain regular reporting and disclosure obligations. Copies of documents lodged with ASIC in relation to the Funds may be obtained from, or inspected at, any ASIC office. You may obtain a copy of the following at our website or from us free of charge on request:

- a Fund's annual financial report most recently lodged with ASIC
- any half-yearly financial reports lodged with ASIC by a Fund after lodgement of that annual report

- any continuous disclosure notices given by a Fund after the date of lodgement of that annual report
- any other material updates.

Inquiries and complaints

Direct investors

We're committed to providing you with the highest level of service and we have established procedures for dealing with any inquiries and complaints relating to your investment in the Funds.

Inquiries

If you have an inquiry, you can either phone us on 1800 022 033 during business hours, email us at investments@perpetual.com.au or write to:

Client Services
Perpetual WealthFocus Investment Funds

Indirect investors

Any inquiries or complaints about the Service through which you are investing should be directed to your Service operator.

Any inquiries or complaints relating to your investment in the Funds should also be directed to your Service operator in the first instance. If your Service operator is unable to answer your query or resolve a complaint on your behalf, you can contact us by following the procedures relating to direct investors.

Your privacy

Direct investors

We collect personal information from you in the application and any other relevant forms to be able to process your application, administer your investment and comply with any relevant laws. If you do not provide us with your relevant personal information, we will not be able to do so. In some circumstances we may disclose your personal information to Perpetual's related entities or service providers that perform a range of services on our behalf and which may be located overseas.

Privacy laws apply to our handling of personal information and we will collect, use and disclose your personal information in accordance with our privacy policy, which includes details about the following matters:

- the kinds of personal information we collect and hold
- how we collect and hold personal information
- the purposes for which we collect, hold, use and disclose personal information
- the types of entities we usually disclose personal information to and the countries where they are likely to be located if it is practicable for us to specify those countries
- how you may access personal information that we hold about you and seek correction of such information (note that exceptions apply in some circumstances)
- how you may complain about a breach of the Australian Privacy Principles (APP), or a registered APP code (if any) that binds us, and how we will deal with such a complaint.

Our privacy policy is publicly available at our website (see 'Other documents' in the 'Additional information' section for details) or you can obtain a copy free of charge by contacting us.

Indirect investors

We do not collect or hold your personal information in connection with your investment in the Funds. Please contact your Service operator for information about their privacy policy.

Anti-money laundering/counter-terrorism financing laws

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML Act) and Anti-Money Laundering and Counter-Terrorism Financing Rules Instrument 2007 (Rules) regulates financial services and transactions in a way that is designed to detect and prevent money laundering and terrorism financing.

Direct investors

Under the AML Act and Rules and the sanctions of Australia (or other sanction regimes that we may comply with), we are required to:

- verify your identity before providing services to you, and potentially from time to time thereafter
- collect information about your circumstances, including the source of funds being invested, your occupation (individual investors) and your beneficial owners (non-individual investors)
- where you supply documentation relating to your identity, keep a record of this documentation for seven years after the end of your relationship with Perpetual.

As a result:

- transactions may be delayed or refused where we require further information regarding your identity or we have reasonable grounds to believe that the transaction breaches the law or sanctions of Australia (or other sanction regimes that we may comply with)
- where transactions are delayed or refused, we are not liable for any loss you suffer (including consequential loss) as a result of our compliance with the AML Act.

Where required by law, we may disclose your information to regulatory or law enforcement agencies, including the Australian Transaction Reports and Analysis Centre (AUSTRAC), which is responsible for regulating the AML Act.

Customer identification requirements for individual investors are collected in the application form included with this PDS. All other prospective investors must complete the relevant 'Customer identification form', which is publicly available at our website or can be obtained free of charge on request.

We are not liable for any loss you may suffer as a result of our compliance with our legal obligations.

Indirect investors

You will need to satisfy your Service operator's requirements for verifying your identity.

Investments and social security

If you are a personal investor, your investment in the Funds may affect your social security or pension entitlements. The calculations are complex so we recommend that you seek advice from your financial or tax adviser, or use the Financial Information Service provided by Services Australia.

Mortgage of units

If you are a direct investor, we may, in our absolute discretion, note certain mortgagee interests over an investment (including any distribution reinvestment from that investment), and the following conditions will apply:

- you won't be able to transfer or withdraw your investment (including any distributions reinvested) without the mortgagee's consent
- amounts paid or assets transferred on withdrawal will be forwarded to the mortgagee or paid at the mortgagee's discretion
- the notice of mortgage can be removed only with the mortgagee's consent
- distributions that are not reinvested will be paid according to any instructions in the notice of mortgage, or otherwise according to the investor's instructions on the application form.

Transfer of units

You may transfer units in the WealthFocus Perpetual Industrial Share Fund or the WealthFocus Barrow Hanley Global Share Fund to another person by providing us with a signed and completed standard transfer form and any other required documents. Under the constitution for the WealthFocus Perpetual Diversified Income Fund, we have the discretion to not register a transfer of units.

A transfer of units will generally be a disposal of units for tax purposes, which may have tax implications (see the 'Tax' section for more details).

Our role as responsible entity

As the responsible entity of the Funds, our main responsibilities are to manage a Fund according to its constitution and investment strategy as well as properly administering it. An investment committee has been established to set the investment objectives, investment guidelines and investment approach for the Funds. We may change a Fund's investment strategy whenever we believe it's in the best interests of investors, in accordance with the Fund's constitution.

In carrying out our duties, we are subject to the Corporations Act and must:

- act honestly and in the best interests of investors
- exercise care and diligence.

Constitutions

All registered managed investment schemes are governed by a constitution. A Fund's constitution (as amended) governs the Fund's operation and, together with this PDS, the Corporations Act and other laws, regulates the Fund and our legal relationship with investors. The Funds' constitutions have been lodged with ASIC.

We can amend the Funds' constitutions as permitted by the Corporations Act. You may inspect the Funds' constitutions at our offices on any business day free of charge or obtain a free copy by contacting us.

Borrowing powers

The Funds' constitutions allow the Funds to borrow and borrowing may occur in the operational management of the Funds.

Except for WealthFocus Perpetual Diversified Income Fund, the Funds currently don't intend to borrow as part of their investment strategies (see the 'Fund profiles' section for details of the investment strategy for each Fund).

To the extent permitted, the Funds may borrow from a variety of sources, including companies associated with the Perpetual Group (in which case the terms are set on a commercial and arm's length basis).

Our liability

Subject to the Corporations Act, we're not liable to investors for any losses in any way relating to the Funds, except to the extent to which the loss is caused by our fraud, negligence or breach of trust.

Our liability is, subject to the Corporations Act, limited to our ability to be indemnified out of the assets of the Funds.

Rights of direct investors

Each unit you hold in a Fund confers a proportional beneficial interest in the Fund. However, you're not entitled to any particular part of the Fund, its assets or its management or operation (other than through investor meetings).

Each Fund's constitution limits your liability to the value of your interest or units in a Fund. However, the courts are yet to conclusively determine the effectiveness of these provisions so no absolute assurance can be given that your liability is limited in every situation.

Suspension of applications, switches and withdrawals

In certain emergency situations that impact the effective and efficient operation of a market for an asset in a Fund or in circumstances where we otherwise consider it to be in investors' interests, we may suspend processing all applications or withdrawals for that Fund in accordance with the Fund's constitution (including any switches between relevant Funds). This may include situations where:

- we cannot properly ascertain the value of an asset in the Fund
- an event occurs that results in us not being able to reasonably acquire or dispose of assets in the Fund
- an underlying fund suspends applications and withdrawals
- the law otherwise permits us to delay or restrict processing applications or withdrawals.

Applications, withdrawals or switch requests received during the suspension will be processed using the entry and/or exit price applicable when the suspension is lifted.

Non-liquid Funds

If a Fund becomes non-liquid (as defined in the Corporations Act) withdrawals may only be made subject to an offer made according to the Corporations Act. In these circumstances, you will only be able to withdraw from a Fund if we make money available for withdrawals. The Corporations Act requires us to allocate this money on a pro rata basis among investors wanting to withdraw. We're under no obligation to offer you an opportunity to withdraw from a Fund while the Fund is non-liquid.

We will advise investors investors (including Service operators) if a Fund becomes non-liquid and the terms of any withdrawal offer.

Other conditions

A direct investor that appoints an authorised representative and/or uses myPerpetual or the phone or email facilities (as applicable) to transact or provide instructions to us:

- acknowledges that they are bound by the acts of their authorised representative
- releases, discharges and agrees to indemnify us and each other member of the Perpetual Group from and against all losses, liabilities, actions, proceedings, accounts, claims and demands arising from instructions we receive under the facility
- agrees that a payment or purported payment made according to the conditions of the facility shall be in complete satisfaction of our obligations or those of any other member of the Perpetual Group to the investor for a payment, even if it was requested, made or received without the knowledge or authority of the investor.

Incorporation by reference

The law allows us to provide certain information to you separately to the PDS, which is taken to be incorporated into the PDS, provided the PDS identifies this additional information and how you can access it.

The following incorporated information forms part of this PDS:

- details of current external specialist investment managers (if any)
- details of the latest annual transaction costs and the current buy/sell spread for each Fund

This information is publicly available at www.perpetual.com.au/wealthfocus-investment-funds-updates.aspx, or can be obtained free of charge by contacting us.

You should also read the incorporated information.

Other documents

The following documents are also publicly available at www.perpetual.com.au/wealthfocus-investment-funds-updates.aspx, or can be obtained free of charge by contacting us:

- direct debit request service agreement
- myPerpetual online access conditions of use
- our privacy policy.

Direct investors should also read these other documents, particularly if relevant to any features that you've chosen in relation to your investment in the Funds.

Consent

Barrow Hanley has given its written consent to:

- be named in this PDS in the form and context in which it is named
- the statements made by or about it being included in the PDS in the form and context in which they have been disclosed.

Barrow Hanley makes no representations or warranties as to the completeness or appropriateness of any other information contained in the PDS.

Barrow Hanley has not withdrawn its consent before the issue date of the PDS and has not authorised or caused the issue of the PDS.

Important additional information for New Zealand investors

If you are a New Zealand investor, we are required to provide the following additional information to you under New Zealand law.

Warning statement

1. This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.
2. This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.
3. There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.
4. The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.
5. Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.
6. The taxation treatment of Australian financial products is not the same as for New Zealand financial products.
7. If you are uncertain about whether this investment is appropriate for you, you should seek the advice of a financial advice provider.

Additional warning statement: currency risk

1. The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
2. If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

Additional warning statement: dispute resolution process

The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.

Distribution reinvestment plan

allotted as a result of distribution reinvestment will be allotted in accordance with the PDS (see 'Distribution payment options' in the '' section for details) and the Funds' constitutions constitutions (as amended).

Where part or all of a distribution is reinvested, we will send you a statement showing the amount of the distribution and the number of reinvested units that have been allocated to your investment in the Fund within 30 days from when those units were allocated.

The following documents are available from us, free of charge on request:

- the most recent annual report of the Fund (if any)
- the most recent financial statements of the Fund (if any)
- the current PDS relating to units in the Fund
- the constitutions of the Fund and any amendments.

Applying for an investment

You should read the current PDS before making an investment.

Direct investors

New investment

Your initial investment in the Fund must be at least \$2,000 (or \$1,000 if you are establishing a savings plan).

To invest in the Fund, complete the application form (electronic or hard copy) in or accompanying the PDS:

- if investing by cheque – send us a **cheque** for your initial investment amount made payable to '**PIML – PWI – [insert name of applicant(s)]**' together with either a copy of your completed online application checklist or your hard copy application form (as applicable)
- if investing by **direct debit** – submit the application form online or send it to us and we'll debit the initial investment amount directly from your nominated account once we've accepted your application
- if investing by **BPAY**:
 1. submit the application form online or send it to us
 2. remit your initial investment amount once you've received your Customer Reference Number (CRN) from us, quoting your CRN and **BPAY biller code 636910**.

The following table will assist you in completing the 'Investor details' section of the application form, and also explains who should sign the form and where TFN/ABN or exemption details should be recorded.

We must verify your identity before considering your application. Unless you are an individual or joint investor, you should also complete the relevant '**Customer identification form**' available at our website or by contacting us.

Additional investments

To make an additional investment into an existing Fund:

- if investing by **direct debit** – complete the application form (electronic or hard copy) and submit it online or send it to us and we'll debit the additional investment amount directly from your nominated account once we've accepted your application
- if investing by **BPAY** – simply remit your additional investment amount, quoting your CRN and **BPAY biller code 636910**.

If your organisation's tax status subsequently changes, your organisation can incur a penalty from the ATO if you don't inform us within two months after the end of the year of income in which the change occurred.

Lodging your application form

You can lodge your completed application form (including your cheque, if applicable) with your intermediary or at our Sydney office or post (no stamp required if posted in Australia) to:

Reply Paid 4171
 Perpetual WealthFocus Investment Funds
 GPO Box 4171
 Sydney NSW 2001
 Australia

Application conditions

Please note:

- applicants must be at least 18 years of age
- investment amounts need not be in whole dollars
- there is no maximum investment amount
- cash amounts are not accepted, however we can determine other acceptable methods of payment
- for trust investors, only the trustee has rights and obligations under the Funds
- joint applicants will be assumed to be joint tenants (that is, the survivor(s) will be recognised as holding title to the interests of a deceased joint investor), unless you otherwise specify
- if signed under power of attorney:
 - the attorney certifies that he or she has not received notice of revocation of the power
 - the power of attorney, or a certified copy, must be sent to us
- we have absolute discretion to accept, reject or limit any application.

Authorised signatories

If no amendments have been made, the authorised signatories to your investment are the individuals who signed the initial investment application form.

You can add authorised signatories or change the authorised signatories by written request signed by all existing authorised signatories and all new authorised signatories.

Joint investors

For joint investors, unless you specify otherwise, we will assume that one of the investors has the authority of the other investor(s) for all transaction requests (including withdrawals) and any instructions (including any changes to address or bank account details).

Company investments

Unless we receive additional information, only the company directors, company secretary or attorney signing the application form will be authorised signatories to the company investment.

Existing accounts

If you request to apply any investments to an existing account number, any financial adviser or authorised representative who currently has access to transact on and/or view that account will be able to transact on and/or view any additional investments under that account.

Any financial adviser currently receiving percentage-based member advice fees from your existing account will have those fees applied to any additional investments under that account number.

Indirect investors

You can invest in the Funds by directing your Service operator to lodge an investment application with us. You should complete any relevant forms provided by your Service operator.

8. Member advice fee

Complete this section if you have agreed with your financial adviser to have a member advice fee deducted. In collecting this fee, Perpetual acts as agent for your adviser.

For new ongoing fee arrangements, the fee will begin on the business day we receive the form (3pm cut-off applies). Ongoing advice fees are paid monthly by the withdrawal of units from the account above. A percentage ongoing advice fee is calculated on the average daily balance of your investment over the month.

Enter the date on which you received a Fee Disclosure Statement or first consented to the ongoing fee. This date must be the same, or prior to, the date you signed the form in section 10.

 / /

The ongoing fee arrangement will not be accepted if this section is not completed.

The anniversary day is each anniversary of the date entered above.

If you do not renew your consent to the ongoing fee, we will stop deducting it from your account 150 days after the anniversary day, however you may withdraw or vary your consent earlier than this date.

Important: Units are redeemed from your account on the day we receive this consent form and the advice fee is paid to your financial adviser through their licensee or dealer group the following month. You may withdraw your consent up until the end of the month in which you provide this form. If you do so, the advice fee will be credited to your account at the unit price effective on the date you withdraw your consent. Any instruction received after 3pm will be processed on the following business day.

one-off member advice fee (including GST)

\$

The one-off member advice will be paid as a deduction pro rata across the Funds.

Perpetual can refuse a request to pay fees under an ongoing fee arrangement or a one-off fee.

9. Financial adviser use only

Financial adviser details and member advice fee

Where an ongoing member advice fee has been agreed with the investor (see section 8 of this application form):

- A percentage member advice fee cannot be paid on a borrowed amount used to make an investment. I can confirm that I have made reasonable enquiries to determine that the investment has not been made with borrowed amounts.
- I will promptly notify Perpetual in writing if I am no longer entitled to receive the member advice fee.
- I acknowledge that where agreed services are not provided to the member, Perpetual reserves the right to claw back fees.
- I consent to Perpetual acting as my agent to collect any agreed member advice fee agreed in 'Member Advice Fee' section of this application form.

10. Declaration and signature

I/We declare and agree that:

- I/we have read the Product Disclosure Statement (PDS) and all Supplementary Product Disclosure Statements (SPDSs) (if applicable), and any relevant incorporated material to which this application applies, and have received and accepted the offer to invest in Australia or New Zealand
- all of the information provided in my/our application is true and correct
- I am/we are bound by any terms and conditions in this PDS and all SPDSs (if applicable) and the provisions of the constitution/s (as amended) of the Fund/s that I am/we are invested in
- I/we have the legal power to invest and/or are at least 18 years of age
- I/we have read and understood the privacy disclosure as detailed in the PDS. I/We consent to my/our personal information being collected, held, used and disclosed in accordance with the privacy disclosure. I/We consent to Perpetual disclosing this information to my/our financial adviser (named in this form) in relation to the investments described in this form. Where the financial adviser named in this form no longer acts on my/our behalf, I/we will notify Perpetual of the change
- if I/we have received this PDS from the internet or other electronic means that I/we received it personally or a print out of it, accompanied by or attached to this application form
- if this is a joint application, each of us agrees, unless otherwise indicated on this application, our investment is as joint tenants. Each of us is able to operate the account and bind the other(s) to any transaction including investments, switches or withdrawals by any available method
- in relation to trust investors, only the trustee has rights and obligations under Funds
- withdrawals by companies must be signed by an authorised representative or in accordance with the company's constitution or under power of attorney
- I/we confirm that I/we have provided my/our financial adviser with acceptable identification documentation as described in the following section or the relevant customer identification form OR I/we are not investing through a financial adviser, and therefore have included certified copies of acceptable identification documentation with the completed application form as described in the following section or the relevant customer identification form.

I/We acknowledge and agree that:

- if I/we do not renew my/our consent to the ongoing fee arrangement, the member advice fee specified in Section 8 of this form will be deducted for a maximum of 150 days after the anniversary date of the ongoing fee arrangement. Consent may be withdrawn or varied at any time during the ongoing fee arrangement by notice in writing to my/our financial adviser or Perpetual.
- The ongoing fee arrangement may continue where Perpetual is advised by the outgoing AFS licensee or financial adviser that the services under the ongoing fee arrangement are to be provided by a new AFS licensee or financial adviser and that I/we have consented to that transfer
- the information contained in the PDS is not investment advice or a recommendation that a Fund is suitable having regard to my/our investment objectives, financial situation or particular needs
- Perpetual may be required to pass on my/our personal information or information about my/our investment to the relevant regulatory authorities, including for compliance with income tax law and the Anti-Money Laundering and Counter-Terrorism Act 2006 or associated regulation and any tax-related requirements for tax residents of other countries
- investments in the Funds are not investments, deposits or other liabilities of Perpetual Limited or its subsidiaries and are subject to investment and other risks, including possible delays in repayment and the loss of income and principal invested
- neither Perpetual Investment Management Limited nor Perpetual Limited or its subsidiaries guarantee the repayment of capital or the performance of the Funds or any particular rate of return from the Funds
- the PDS has referred me/us to additional information or terms and conditions ('information') of this product which may assist me/us in making my/our investment decision and I/we have referred to this information to the extent I/we considered it was necessary to make my/our investment decision
- Perpetual Group may contact me/us where required by using the email address(es) provided on the application form. I/We will notify Perpetual of any change to my/our email address(es). I/We understand that failure to advise such a change may result in me/us not receiving correspondence relating to my/our investment.

Additional declaration for New Zealand investors

I/We understand that the PDS is not an investment statement under New Zealand law and that there are likely to be differences between the information provided in a PDS as compared to an investment statement under New Zealand law. I/We have read and understand the 'Important additional information for New Zealand investors' section in the PDS.

- Australian passport (current or a passport that has expired within the preceding 2 years is acceptable)
- current card issued under a State or Territory law for the purpose of proving a person's age containing your photograph
- current foreign passport or similar travel document containing your photograph and signature

OR

PART II – should only be completed if you do not own a document from Part I

Provide ONE of the following:

- Australian birth certificate
- Australian citizenship certificate
- concession card such as a pension, health care or seniors health card issued by Services Australia (excludes Medicare cards)

AND provide ONE valid document from the following:

- a document issued by the Commonwealth or a State or Territory within the preceding 12 months that records the provision of financial benefits to you and contains your name and residential address
- a document issued by the Australian Taxation Office within the preceding 12 months that records a debt payable by you to the Commonwealth (or by the Commonwealth to the individual), which contains your name and residential address.
- a document issued by a local government body or utilities provider within the preceding 3 months which records the provision of services to your address or to you (the document must contain your name and residential address)

OR

PART III – should only be completed if you do not own document(s) from Part I OR Part II

BOTH documents from this section must be provided

- foreign driver's licence that contains a photograph of you and your date of birth
- national ID card issued by a foreign government containing your photograph and your signature

Any documents written in a language that is not English must be accompanied by an English translation prepared by an accredited translator.

11. Identification verification for individuals and joint investors (continued)
